Ghatal Rabindra Satabarsiki Mahavidyalaya | 2019 – 2022

Diploma in Elementary Education
Joteghanashyam Mohan Kartick Teacher'S Training College | WBBPE | 2019

Higher Secondary (Class XII)
Rampur Manua K.K.I.R.R Institution | WBCHSE | 2017

Secondary (Class X)
Rampur Manua K.K.I.R.R Institution | WBBSE | 2015

ADDITIONAL QUALIFICATIONS

- Diploma in Computer Applications (DCA) – MIIT
- Certificate in Financial Accounting (Tally) – MIIT
- Certificate in Domestic Data Entry Operator
- Python & Machine Learning Certification
- WordPress Web Development

TECHNICAL SKILLS:

Programming & Analytics: Python (Pandas, NumPy, Matplotlib, Seaborn), SQL, ETL

Data Visualization: Power BI, Advanced Excel, Dashboards Development, Tableau

Other Tools: Data Cleaning, Reporting, Forecasting / Predictive Analytics

Specialized Software: Phoenix (ERP), CMS, Superleap.

PROFESSIONAL EXPERIENCE:

AAKASH EDUCATIONAL SERVICES LIMITED
IT & EDP Executive | October 2025 – Present

Admission Operations

- Manage end-to-end **admission operations**, including student registration, admission processing, batch creation, course allocation, and course transfers.
- Verify admission-related information and ensure **accurate and timely updating of student records** in the respective systems.
- Coordinate with students, parents, Academic Heads, Accounts, and Centre Operations teams to ensure smooth completion of admission-related activities.
- Monitor admission data and resolve discrepancies related to **student information, courses, batches, fees, and admission records**.

IT & EDP Support

- Provide day-to-day **IT and EDP support** for academic, administrative, and operational activities at the centre.
- Troubleshoot and coordinate resolution of **system, software, data, and operational issues** to minimize disruption to daily activities.
- Work with organizational applications and systems including **Phoenix ERP, CMS, and Superleap**.
- Support users and internal teams in handling system-related requirements and ensuring smooth execution of technology-enabled processes.

Distribution Management

- Take responsibility for the **receiving end of distribution operations** at the centre.
- Coordinate the **receipt, verification, tracking, and distribution of academic materials and other operational items**.
- Maintain proper records of received and distributed materials and coordinate with relevant teams for timely execution.
- Monitor distribution activities and ensure that required materials reach the appropriate teams/students on time.

Centre Operations

- Support overall **Centre Operations** by coordinating with Admissions, Academics, Accounts, Administration, IT, and Branch Management.
- Monitor day-to-day operational activities and assist in resolving issues affecting the smooth functioning of the centre.
- Handle multiple responsibilities simultaneously while ensuring **timely execution, process compliance, and operational accuracy**.
- Work closely with the Branch Manager and functional teams to identify operational requirements and coordinate appropriate solutions.

Academic Operations

- Coordinate with **Academic Heads (AHs)** for academic planning, batch scheduling, attendance management, and day-to-day academic activities.
- Support **batch creation, batch management, course transfers, attendance-related activities, and academic record maintenance**.
- Coordinate between academic and administrative teams to ensure smooth execution of scheduled academic activities.
- Provide operational and data-related support for **academic planning and student management**.

MIS Reporting & Data Analysis

- Prepare, maintain, and verify **MIS reports, operational reports, student reports, and management reports**.
- Collect, consolidate, validate, and analyze operational data to ensure **accuracy, completeness, and data integrity**.
- Perform regular **data validation and reconciliation** to identify discrepancies and maintain reliable MIS records.
- Provide timely and accurate **data-driven information and operational insights** to management for effective decision-making.
- Maintain reporting standards and ensure MIS information is updated within required timelines.

Student Data Management

- Manage and maintain **student master data**, including admission details, personal information, academic information, batch details, course information, and related records.
- Ensure accurate **data entry, verification, updating, and maintenance** of student information across relevant systems.
- Monitor student records for inconsistencies and coordinate necessary corrections to maintain **data accuracy and integrity**.
- Provide student-related information and reports to **Academic, Admission, Accounts, Administration, and Management teams** whenever required.

- Maintain confidentiality and accuracy while handling **student information and institutional data**.

Key Responsibilities:
Admission Operations | IT & EDP Support | Distribution Management | Centre Operations | Academic Operations | MIS Reporting | Student Data Management | Data Validation | Data Integrity | Phoenix ERP | CMS | Superleap

Bandhan Financial Services Limited
Intern – Data Analyst | March 2025 – June 2025

Project 01: Secured Loan Pricing Model – Interest Rate Trends In Housing & Auto Loans

- **Objective:** Analyzed secured loan portfolios, focusing on **housing and auto loans**, to evaluate variations in loan volume, interest-rate trends, and **NPA rates** across different geographies and customer risk profiles.
- **Data Analysis:** Performed **data cleaning, statistical analysis, trend analysis, and comparative analysis** to identify variations in loan performance across geographic and risk segments.
- **Tools & Skills: Advanced Excel, Statistical Analysis, Data Visualization, Data Interpretation, Financial Analytics**.
- **Key Analysis:** Evaluated relationships between **loan volume, interest rates, geography, risk profiles, and NPA performance** to identify key patterns and risk factors.
- **Outcome:** Generated data-driven insights to support **loan pricing strategies, risk assessment, portfolio analysis, and informed financial decision-making**.
- **Business Impact:** Provided analytical insights that could help optimize **secured loan pricing and risk management** by identifying variations in portfolio performance across different segments.

Project 02: Role Of Credit Bureaus In Retail Lending & Risk Management

- **Objective:** Analyzed the role of **credit bureaus** in retail lending, with a focus on their influence on **credit underwriting, borrower assessment, credit evaluation, and risk mitigation**.
- **Research & Analysis:** Conducted research and performed **data analysis** to understand how credit bureau information supports lending decisions and helps financial institutions evaluate borrower creditworthiness.

- **Risk Assessment:** Examined the use of **credit information, credit history, and borrower-level data** in underwriting and identifying potential credit risks.
- **Reporting:** Organized analytical findings into structured **reports and presentations** to communicate key observations related to retail lending and credit risk management.
- **Tools & Skills: Data Analysis, Financial Research, Credit Risk Analysis, Reporting, Data Interpretation, Risk Management**.
- **Outcome:** Developed a comprehensive understanding of **credit risk management practices**, credit assessment processes, and the role of credit bureaus in supporting responsible retail lending decisions.

PANCHGACHIA GOSTO BIHARI HIGH SCHOOL
Part-Time Teacher | Pure Science | May 2021 – June 2023

- Taught Science and Mathematics subjects to students, explaining fundamental concepts through structured lessons and practical examples.
- Prepared lesson plans, study materials, assignments, and assessments according to students' academic requirements.
- Monitored student academic performance, attendance, and learning progress.
- Provided individual guidance and academic support to help students improve their conceptual understanding and examination performance.
- Maintained effective classroom management and student engagement while ensuring a positive learning environment.
- Developed strong communication, presentation, problem-solving, time-management, and interpersonal skills through regular interaction with students and academic activities.

RASHTRIYA COMPUTER LITERACY DRIVE
Computer Trainer | May 2019 – April 2021

- Delivered **computer literacy and basic IT training** to students and learners, covering fundamental computer operations and digital skills.
- Conducted practical training on **computer applications, MS Office, Advance Excel, Power Point Presentation, internet usage, and basic troubleshooting**.
- Prepared **training materials, practical exercises, and learning activities** based on learner requirements.

- Provided hands-on guidance to improve learners' **computer proficiency and digital literacy**.
- Monitored learner progress and provided individual support to improve **practical computer skills**.
- Managed classroom sessions effectively while maintaining **student engagement, communication, and discipline**.
